HIS LETTER TO MINISTER

Emergence from Retirement
Likely to Plunge France
Into New Turmoil.

Paris, April 22.—Alfred Dreyfus has submitted to Minister of War Andre a lengthy letter, in which he earnestly asks for a reopening of his case by means of an investigation by the minister as the supreme head of military justice.

The letter, which is dated Paris, April 21, confirms the reports that Dreyfus has been living quietly here for some time.

It promises to create a tremendous agitation among the various elements of the political groups for and against Dreyfus.

The first part of the letter is an earnest plea that the court which condemned him at Rennes was improperly influenced, first, by the annotated document ascribed to Emperor William, and second, by the false testimony of one of the witnesses, Czernuski.

After arguing on the extent to which these contributed to his condemnation, Dreyfus recalls in graphic terms the long series of horrors to which he had been subjected.

The letter throughout is couched in a highly dramatic style, which is likely to make it one of the notable papers of the case.

It refers to Esterhazy as "one who stands before the entire world as the culprit."

WITH FERVID RHETORIC.

One of the leading passages, showing the rhetorical style, is as follows:

"I will not recall, Mr. Minister, what I have endured since 1894. Picture to yourself the horrors of a soldier whose whole life was devoted to duty, to work, to loyalty, and to profound devotion for his country, and who in an instant is stripped of his good name and despoiled of the honor of himself and children. For five years this soldier is subjected to horrible sufferings. They seek to crush him physically, to annihilate him morally. He is absolutely innocent of all crime and struggles in vain to penetrate the mystery, proclaiming his innocence and struggling with all the forces of his mind and body for that supreme pleasure of vindicating his good name and character. Days, months, years pass thus in most cruel agony, amid the tortures of a murderous climate. At last he is brought back to France, the guilty one is discovered and the soldier hears himself proclaimed innocent by those who before reviled him as a traitor. It was thus, Mr. Minister, that I hoped to see my martyrdom end. But, alas, if I returned to find the devotion of friends who had battled for the truth it was to find also that deadly hatreds had been unloosed.

STABBED IN THE BACK.

"In the processes of 1894 I was stabbed in the back. I cannot imagine how such conditions can prevail through falsehood and deception. But so it was and my second condemnation was but an aggravated reaffirmation of what occurred in 1894. When the guilty one was known and unmasked and Esterhazy was recognized as the author of the treason, the same men who had cheated justice in 1894 again sought in 1899 to cheat justice for the second time by the same criminal maneuvers. Conscious of these methods, the government of the republic will not permit itself to keep in prison one who is known to be innocent.

"In constant thought of ultimate legal revision I have reassembled little by little all the divergent elements of testimony contributing to my conviction.

HAS HOPED FOR JUSTICE.

"I have scorned calumnies and falsehoods. I have remained silent with the firm conviction that justice would surely have its day of triumph. The victim of criminal tactics and violation of the law twice committed against me. I now address myself to the supreme chief of military justice, and, supporting myself by new facts which have been elicited and by the existence of the pretended bordereau annotated by Emperor William, I beg to ask that you institute an inquiry. First upon the uses made of this false document at Rennes and the consequences it produced on those rendering judgment; second, upon the false and fraudulent

testimony of Czernuski at Rennes."

After a deferential salutation the letter is signed "Alfred Dreyfus."

MGR. O'CONNELL INSTALLED.

Washington, April 22.—Right Rev. Mgr. Denis J. O'Connell was installed today as rector of the Catholic University of America, in succession to the Right Rev. Thomas J. Conaty. Dr. Conaty had been rector of the university since June 19, 1897. He was appointed recently bishop of Los Angeles and, after a brief rest, will proceed to that city, where, some time in May, he will assume his new duties. His successor, Mgr. O'Connell, was for several years rector of the American college at Rome. During the past seven or eight years, while his headquarters were in Rome, he has been attending to church work, which took him to various parts of Europe.

WILL GRANT TOLEDO STREET FRANCHISE

Pennsylvania Will Get What it
Wants and Can Then
Fight it Out.

Mayor Berghoff, accompanied by the members of the board of public works, made a trip of inspection this morning over the route proposed for the Toledo street switch for which a franchise has been asked by the Pennsylvania company. "There will be some injury to property interests," said the mayor, at the conclusion of the trip, "but I am of the opinion that the franchise will be granted and any fight that may result can be carried on between the railroad company and Mr. Baas. I do not believe the tracks will injure Mr. Baas' property to any extent, but it may interfere with the Wabash switches, but the city cannot well take this into consideration."

A meeting of all of the parties interested in the controversy will be held at the office of the board of public works tomorrow afternoon, and one of the objects of the inspection trip this morning was to give the board members an opportunity to inform themselves fully as to the conditions in order to proceed intelligently in the matter.

A THRILLING PURSUIT.

Cumberland, Md., April 22.—Four highwaymen were chased four miles along the Baltimore and Ohio railroad last night by an engine crew, while their victim, rescued from almost certain death, sat in the cab and guided the pursuers.

Robert McDonald went to Connellsville in search of work. While on his way to the shops he was attacked by four negroes, who knocked him senseless, and after robbing him, threw his helpless body across the tracks. An engine stopped just before it reached the body. He was taken in the cab and the engine started at full speed. One mile east of Dawson the four negroes were sighted and the train crew arrested them. McDonald identified the men and the money was recovered.

HORRIBLE DEED OF A JEALOUS HUSBAND

Shoots Wife, Chops Her Body
to Pieces and Leaps Into
Burning Barn.

St. Paul, Minn., April 22.—A Cumberland, Wis., special to the Dispatch says that in a fit of jealous rage last night John Neymeiser, living south of there, shot and killed his wife, chopped up the remains with an ax and set fire to his barn. He then committed suicide by leaping into the flames, perishing with the cattle and horses in the structure. Neymeisers have had domestic troubles for some time, which resulted in a separation two months ago, when the husband left for parts unknown. He returned last night, broke into the house and committed the murder. They leave a large family of small children.

ALL HELD FOR MURDER.

New York, April 22.—All of the thirteen prisoners who were held on suspicion of connection with the murder of the man whose body was found in a barrel a few days ago were discharged today, but were immediately rearrested on the charge of Coroner Scholer that they had been implicated in the murder of Benedetto Madonia. Fenaro and Lubado, who were under charges of perjury, were included in the thirteen men discharged and are now charged with being connected with the murder.

TRUST LAWYER LOSES TEMPER

In Coal Road Suit Declares
New Yorkers Whine Like
Whipped Dogs.

SAYS COAL IS TOO CHEAP

Contracts of Roads With Ship-
pers Must be Brought
Before Commission.

New York, April 22.—Hearing on the complaints of William R. Hearst against the Pennsylvania and other railroads was continued today before the interstate commerce commission. Counsel for the complainant continued his argument.

Mr. Shearn, counsel for the complainant, called for all the contracts entered into between the Lehigh Valley road and the Lehigh Valley Coal company, explaining that he expects to prove by them the differences between the actual price of carriage charged to that company and the published schedule price charged to the independent companies. He said the contracts will show that the Lehigh Valley Coal company is to receive for all its coal 65 per cent. of the price realized by the coal at tide water.

Judge Campbell, of the Reading, and Mr. Kerr, of the Ontario and Western, protested that no such conditions obtained on their roads.

Mr. Shearn said the contracts would show the creation of a monopoly, that the coal companies have no power over the output of their mines because they can only get rid of the quantity the railroads are willing to take from them and that the railroads will not handle the coal in sufficient quantities to reduce the price to the consumer. Analysis of the contracts, he said, will show that they are really contracts for the carriage and not for the purchase of the coal.

"These companies," he said, "brought the coal to this tide water for 35 per cent. of the price of \$5 per ton and then turned it back again to the coal companies to be sold for \$12 to \$15 a ton."

LIKENEED TO WHIPPED DOGS.

"Where do the complaints come from?" interrupted Judge Campbell. "From the independent companies? No. From the owners of the palaces about Central park, the crowded tenement and the business buildings in the lower part of the city? Yes. If the price of coal is reduced will your rents be reduced? Not a bit of it. Cheaper coal is the hysterical demand of your newspaper, not of the thinking public. We will show the people of New York the facts. We will show this commission that for more than a quarter of a century the people of New York have wrung the bowels out of the coal regions of Pennsylvania, practically getting their coal for nothing and whine like a pack of whipped dogs when a decent remunerative price is asked by the miners. Here is where the surplus comes and here the coal is cheaper than anywhere else. You pay less than I pay in Philadelphia. You don't pay enough and I am going to appeal to the commission to order the rates on coal to tide water advanced."

"We appreciate very much," Mr. Shearn replied, "the courteous words of the representative of the divinely ordained agent of God in the coal regions. The people of New York city, of Albany, of Buffalo and of Boston will be grateful for the comparison with whipped dogs because they objected to be robbed."

"I think the hearing is going beyond even the wide limits we purpose to allow," put in Chairman Knapp, of the commission.

MUST PRODUCE CONTRACT.

Mr. Gowan, of the Lehigh Valley company, made a long argument against the request to produce the contracts called for. Mr. Shearn asked the commission to order the production of the contracts. Mr. Gowan denied the existence of any such contracts as Mr. Shearn had described. Mr. Kerr maintained that the contract in question is a matter of bargain and sale; that title to the coal passed at the breaker and that the question of transportation—the only question over which the commission has authority—is not involved.

The commission decided that the Lehigh Valley railroad should produce the contracts demanded. Counsel refused.

enter into the contract and the commission had no jurisdiction. Counsel for the other railroads declined to produce their contracts. The commission certified the point raised to the United States circuit court, where a decision will be rendered.

PACKERS HAVE DEFAULTED.

Chicago, April 22.—A formal order of default was entered by Judge Grosscup today against the packers who have failed to answer the government's anti-trust bill. The final order of injunction was not entered against the defendants owing to the absence of District Attorney Bethea from the city. It is expected that the packers will appeal when the final order is entered.

WEDDING RUMORS FULLY CONFIRMED

Distinct Statement in London
of Vanderbilt-Rutherford
Engagement.

London, April 22.—The engagement of Mrs. Lewis M. Rutherford to William K. Vanderbilt is confirmed. It is not known whether the wedding will take place here or at Paris, but it will not take place at the United States embassy here or at the London residence of Secretary White, Mrs. Rutherford's brother-in-law.

ACCEPT THE STATEMENT.

Paris, April 22.—Intimate friends of William K. Vanderbilt and Mrs. Lewis M. Rutherford accept the authoritative statement from London of their approaching marriage as confirmatory of what they have believed for some time. The difficulty has been that both of the parties immediately concerned have continually denied that their marriage was to take place. These denials, apparently, have been due to the legal impediments existing until the New York court proceedings of Monday.

Mr. Vanderbilt was present at a small dinner party Sunday night, when the question of his engagement was broached. He professed to be in entire ignorance of the matter.

WHO MRS. RUTHERFORD IS.

New York, April 22.—Mrs. Anne H. Rutherford is a sister of Oliver Harriman, Jr., of this city, and of Mrs. William R. Travers. Mrs. Travers, it is understood, is to sail for Europe in a day of two, presumably to attend the marriage of her sister to Mr. Vanderbilt. Mrs. Henry White, wife of the secretary of the American embassy to Great Britain, is a sister of Lewis M. Rutherford, who was Mrs. Rutherford's second husband. The first husband was S. S. Sands.

STOPPED A RUNAWAY.

Drs. Ed King and J. A. Lomas this morning stopped a runaway team on Berry street, near Fulton, and prevented what would have been a serious accident. A milk wagon drawn by a team of heavy farm horses was being driven along Berry street, when one of the singletrees on the wagon broke and the legs of one of the horses became tangled up in the harness. The animals became badly frightened and started to run away. Dr. Lomas and Dr. King stopped the horses after they had run about a square and both were dragged some distance. The driver of the milk wagon was unable to open the sliding doors and would doubtless have met with serious injury had not the team been captured before they got a good start.

AN OFFICER A SUICIDE.

Manila, April 22.—Lieut. Col. Henry F. Sprole, of the First cavalry, shot himself in the head with a revolver at Taal, province of Batangas, today, and died immediately afterwards. His brother officers say he was temporarily insane.

Washington, April 22.—General Davis cabled the war department to day that Lieut. Col. Henry W. Sprole, First cavalry, committed suicide at Manila today by shooting himself through the head. He was believed to be temporarily insane. Sprole was appointed to the military academy from New York in 1885.

CAPTURED AT MARION.

George C. Hart, who is charged with stealing the sum of \$61 from the money drawer of the Mondamin Meadows dairy office about five days ago, was arrested at Marion this morning by Detective Coling and brought to this city.

Mrs. Perry Archer was hostess for the H. N. club this afternoon.

WARRANTS FOR ELOPING PAIR

Mrs. Jesse Casteel, Wife of
Farmer, Leaves County
With Charles Latty.

CHARGED WITH LARCENY

Took Chattels and Cashed a
Bank Certificate—Casteel
is Latty's Tenant.

Jesse Casteel, a respected farmer living about four miles southwest of the city near the Southwestern line, came to town early this morning and divested himself of a burden of woe. To the sheriff's deputies he related that his wife had eloped yesterday with Charles Latty, of this city, living on Furman street. And this is not all. With the elopement there were trappings of various kinds, including a certificate of deposit for \$100, over \$25 in cash, quite a lot of silverware and Mr. Casteel's summer stock of shirts. The wronged husband was at first inclined to keep the matter dark and investigate it quietly, but later changed his mind and sought the prosecutor to enter proceedings for grand larceny, alleging various things.

CASTEEL LATTY'S TENANT.

Latty is known as a well-driver and owns the farm upon which Casteel lives and also owns the property upon which he has been living in this city on Furman street. Casteel has been his tenant for about four years and Latty frequently visited the farm ostensibly to make repairs of different character and of late his visits have been more frequent than the actual necessities demanded, although the confiding Mr. Casteel did not particularly notice that until late last night. Mrs. Casteel is not described as a particularly fascinating woman, but her husband was deeply attached to her and never doubted her fidelity. Yesterday shortly before noon while Casteel was working in the field the wife passed him saying that she was going to Fort Wayne to buy some wall paper and that she would not return until evening and it appears it was then that she went to an appointed place and met Latty on the road and together they went back to the house, collected the available plunder and left for parts unknown. Casteel did not become alarmed at the absence of his wife until late in the evening and when twilight deepened into darkness and the hours passed he became disturbed. Then he noticed that the house was in general disorder and also that his wife's wearing apparel was gone. Further investigation showed that part of his apparel was likewise missing, that the silver closet was barren and that his pocketbook was surrounded by a large minus sign. He slept little and at 6 o'clock this morning was in town.

MONEY HAD BEEN DRAWN.

After reporting all the facts that he knew at the sheriff's office he went to the Hamilton bank to stop payment on a certificate of deposit which had been taken, but found that he was too late. Some time ago he sold a horse to Hubbard Scherer, receiving in part payment a certificate for \$100 payable to Scherer which that gentleman endorsed, making it payable to whoever presented it. Yesterday Mrs. Casteel presented the certificate and it was duly cashed. It has since been learned that Latty's farm as well as his city property are both heavily mortgaged and that he has quite recently been converting all his chattels into cash, no matter at what sacrifice. A hundred dollars' worth of lumber went for a quarter of its worth, a mowing machine practically new was sold for \$15, a cow and calf was disposed of at half value and so on. He retained, however, a team of horses and an open rig and it is in this that he and Mrs. Casteel started out on a trip to Ohio. That the eloping pair went to Ohio is established by the fact that last evening Deputies Huguenard and Reichelderfer met them about twelve miles east of the city. The two deputies had been at Baldwin serving warrants and on returning met Latty and the woman near the Townsend farm, where they had been delayed some by a breakdown. Huguenard is well acquainted with Latty and talked to him yesterday, but as this was nearly twelve hours before the elopement was reported nothing was thought of it.

MRS. LATTY DISTRACTED.

Mrs. Latty, the deserted wife, is distracted over the occurrence and states that she could not account for her husband's conduct. They have lived happily together for a dozen years, have never had any previous trouble and the husband seemed very much attached to their 8-year-old son, the only child. Mr. and Mrs. Casteel have been married over twenty years and have no children. All the parties to the unfortunate affair are in the neighborhood of forty years of age. This afternoon Casteel decided to go in search of his recalcitrant wife and her paramour and enlisting the services of Deputy Sheriff Reichelderfer he drove to Zulu, where the eloping couple stopped for a time yesterday afternoon. A telephone message received at the sheriff's office from Zulu was to the effect that no trace of the pair had been obtained.

SULTAN OF MOROCCO ABDICATES THRONE

His Brother to Succeed Him
as Ruler—Latest Turn
of the Revolt.

Madrid, April 22.—A special dispatch from Melilla, Morocco, says Muley Mohammed, the sultan's brother, has been proclaimed emperor at Fez.

Advices from Ceuta, Morocco, say the Kabyle tribesmen besieging the port of Tetuan have sent an ultimatum to the pasha in command of the sultan's forces, demanding the dismissal of the sultan's tax collectors and saying that otherwise they will attack Tetuan. The pasha refused the demand of the Kabyles and appealed to all men capable of bearing arms to assist in the defense of the town.

A dispatch from Tangier April 17, said the sultan had again offered the crown to his brother, Muley Mohammed, who had refused it. It was added in a dispatch from Melilla, the same day, that the sultan, accompanied by his brother, had started for Taza, the headquarters of the pretender, and that great excitement prevailed at Fez.

SULTAN'S UNCLE FLEES.

Tangier, Morocco, April 22.—Muley Amrani, an uncle of the sultan, arrived here today from Melilla with the custom officials and all the government customs property. Melilla has been abandoned by the government.

ORDER 150 NEW LOCOMOTIVES.

Baltimore, April 22.—It was officially announced by President Loees today that the Baltimore and Ohio railroad management had authorized the ordering of 100 or 150 new locomotives to accommodate the increased transportation demands.

ALUMNI ASSOCIATION HAVE ANNUAL MEETING

Former Graduates of Medical
College in Session Today
—Banquet Tonight.

The annual meeting of the Alumni association of the Fort Wayne College of Medicine was held this morning in the lecture hall of the Medical college, and quite a number of former graduates residing outside the city, in addition to those living in Fort Wayne, were present. The retiring president, Dr. J. B. McEvoy, made an address; Dr. Mary Whery, historian, read a very interesting history of the association since its organization, and Dr. G. M. Leslie gave an account of his trip to Denver and Arizona. The annual election of officers resulted as follows:

President—Dr. Mary Whery.
First Vice President—Dr. J. W. More, of Ohio.
Second Vice President—Dr. W. O. Gross.

Secretary—Dr. G. M. Leslie.
Treasurer—Dr. B. W. Rhamsy.
Historian—Dr. J. B. McEvoy.
This afternoon Dr. B. V. Swearingen conducted a medical clinic at the Institute for Feeble Minded Youth from 1 to 3, and from 3 to 5 Dr. Miles F. Porter gave a surgical clinic at Hope hospital. The giving of clinics in connection with the meeting of the association is a new departure which is being adopted by associations all over the country and is proving very successful.

The members of the association will attend the commencement exercises in the Masonic Temple tonight in a body and will have a banquet afterward in the Wayne hotel. Covers will be laid for 110 guests.

HIS FORM RESTS IN SILENT TOMB

Obsequies of Former Mayor
C. B. Oakley are Held
This Afternoon.

CORTEGE WAS IMPOSING

Citizens in Public and Private
Life Unite in the Tribute
to His Memory.

Fort Wayne citizenship in public and private life, in social, fraternal, military, political and business circles united this afternoon in its final tribute of respect to Colonel Chauncey B. Oakley, former mayor and one of the pioneer citizens of Fort Wayne. Following most impressive funeral services, loving hands of friends, who had known him for many years, laid his mortal remains to rest in beautiful Lindenwood.

The services were held at Westminster Presbyterian church, Rev. J. Budman Fleming delivering the sermon, and the edifice was completely filled by friends and former associates of the dead ex-mayor. The funeral pageant, which escorted the remains from the residence on West Main street to the church, and again from the church to the cemetery, was a notable one.

At the head of the line marched two platoons of police, sixteen men, in command of Sergeant Harknander, and following them were present and former city officials, including the members of the present city council and others who were closely connected with the administration of Colonel Oakley. Mayor Berghoff and ex-Mayor Schorer were at the head of the city officials. Next in line were the soldiers' organizations, Lion S. Bass post, Anthony Wayne post and Lawton post, Grand Army of the Republic, together with survivors of the old Eighty-eighth Indiana regiment, led by the venerable Colonel C. E. Bryant, of Huntington. Shober's First Regiment band had the next place in the line, rendering solemn dirges along the entire line of march. Fort Wayne commandery, No. 4, Knights Templar, followed in order with a large membership, and behind them were the members of Sol D. Bayless lodge, F. and A. M., immediately preceding the carriages and the funeral car.

THE CHURCH SERVICE.

The central sections of the auditorium had been reserved for the societies making up the funeral cortege, and by the time all were seated the capacity of the church was tested by the large congregation. The rich casket, almost buried beneath a wealth of elaborate floral tributes from societies and personal friends of the deceased, was borne into the church by his brothers of the Knights Templar—A. G. Barnett, George Reiter, Willis Hatterley, William Geake, J. H. Simonson and J. W. Clark. The pall bearers representing the military organizations were Col. E. S. Robertson, F. W. Kell, William Carter, Josiah King, James Liggett and Thomas DeVillibus, who marched in the cortege on either side of the funeral car.

The musical portions of the service were rendered by the regular quartet choir of Westminster church, comprising Miss Jessie Fleming, Miss Mourier, Edgar Fleming and H. W. Moellerling. The sermon by Rev. J. Budman Fleming, the pastor, was a fitting tribute to the sterling worth and admirable qualities of the honored dead.

Fort Wayne Commandery Knights Templar held its beautiful ritualistic service at the church, and at its close the solemn march to Lindenwood began. At the grave there were the ritualistic services of Sol D. Bayless lodge, F. and A. M., and of Anthony Wayne post, G. A. R., Bugler Galt Shober blowing "taps" as the remains of the former mayor, citizen and soldier were lowered into the tomb.

TWO HURT IN ACCIDENT.

Gottlieb Streich and Paul Keller, helpers employed in the stone works of Keller & Braun, 436 and 438 Pearl street, were painfully injured this morning by the breaking of a steam saw, and the former's injuries may prove serious.

The men were cutting a large block of stone when the wooden saw beam broke, Streich being struck in the stomach and sustained what may prove serious internal injuries. He was also out about the head and neck. Keller was struck on the side and one of his ribs was fractured. Streich was removed to his home at 2527 Fox avenue in a carriage. Dr. Maurice Rosenthal attended the injured men.

FOUR BODIES IDENTIFIED.

Salamanca, N. Y., April 22.—Four bodies of the passengers who were killed in the wreck on the Erie railroad at Red House last Monday were identified today. They were Mrs. Sarah A. Moore, aged eighty-two years; Mrs. Nellie N. Wilson, aged forty-eight years, and Dora Lynch, aged eleven years, all of Maunung, W. Va. The identification was made by Mr. and Mrs. J. W. Krusen, of Shingle House, Pa., whether the three were bound. Mrs. Moore was the mother of Mrs. Wilson and Mrs. Wilson was the mother of Mrs. Krusen. The Lynch girl was a niece of Mrs. Krusen. The identification was established by means of a watch case found near the bodies. Relatives of Frank H. Barlitz, a traveling salesman, who lived at Medina, N. Y., claimed the fourth body, identifying it by means of a pair of cuff buttons. Only one body remains to be identified.

CITY COUNCIL IN SPECIAL SESSION

Action Taken on Death of Ex-Mayor Oakley—General City Hall News.

The city council met last evening in special session, pursuant to call, to take action appropriate to the death of former Mayor Oakley. All the members were present with the exception of O'Ryan and Baker, and after the roll had been called the clerk read an invitation from Capt. A. H. Dougall, representing the G. A. R. fraternities, asking that the city officers participate in the final ceremonies. A committee on resolutions, consisting of Messrs. Bauer, Glenn, Miller, Ehrman and Griebel, was appointed and it was resolved to attend the funeral as a body. Councilman Ehrman presented a resolution inviting all resident ex-officials to join with the council, particularly stress being placed on the invitation to those of either political party who were associated with the late mayor during his term of office. Of the present councilmen, Messrs. Scheid, Glenn and Borkenstein served in the same capacity during Col. Oakley's term as mayor.

DISMISSED A FIREMAN.
The board of safety last evening dismissed Fireman J. H. Hanley from the service, the specific charge against him being that after receiving a furlough for ten days, he added three days more on his own account without leave. Hanley was stationed at engine house No. 2 and had been in the service three years. He was a railroad man before he entered the employ of the city and will again engage in the same pursuit, having already several opportunities under consideration.

BUILDING PERMITS.
Building permits were issued this morning to H. G. Keegan to build a house on West Fourth street to cost \$1,200; D. C. McKean, repair house on McLachlan street, \$250; Horton Manufacturing company, Fry street, \$1,000; George Petzinger, house on Lieth street, \$1,200; Charlotte Schwartz, house on Lieth street, \$750; Henry Wehrenberg, office building for electric company, \$12,000.

CITY HALL NOTES.

The committee on rules, regulations and ordinances met last night and considered the ordinance requiring all railroads to maintain watchmen at principal crossings at night. N. D. Doughman and S. L. Morris, representing the Lake Shore road, represented that they did not consider it a necessity to have a watchman at the Wells and Cass street crossings at night from the fact that no trains are scheduled to pass there between the hours of 5 in the evening and 10:30 at night. There were no other objections to the ordinance offered.

Work on connecting the wells at the Van Buren street water station was resumed today by Contractor Derheimer. The recent high water flooded the field, forcing a suspension of operations. If the weather is reasonably fair for a week or two the contractor will be enabled to complete the work which has been under way for two years.

The express drivers are again without a place of habitation. Last fall they were ordered off Clinton street to Barr street and now comes the mayor who says that the market place must now be given over to marketeers and the expressmen must hunt other quarters. There is no ordinance providing a permanent place for them and they are being driven from pillar to post. They will be privileged to stand at any place where the property owner or tenant does not object, but such places it has been learned are hard to find.

UNFOUNDED REPORTS.

London, April 22.—The reports in circulation in Havana that Mr. Carden, the British minister to Cuba, will be withdrawn because of Cuba's preferential treatment of imports from the United States, are declared at the foreign office to be quite unfounded. Mr. Carden is merely coming home on a vacation.

DISCUSS CHURCH UNION.

Pittsburg, Pa., April 22.—Forty-five delegates, representing the Congregational, Methodist, Protestant and United Brethren churches, are meeting in Pittsburg today to discuss the union of these denominations.

It is probable that a name, including all the denominations involved, will be chosen, providing a satisfactory agreement is reached in reference to the proposed union. The three denominations have a combined membership of over 1,000,000 souls. If a plan of union is decided on it will remain for the various denominations involved to ratify the action of the convention.

FIND TRACE OF LEE.

Staunton, Va., April 22.—The report from St. Louis that Lieutenant Governor Lee, of Missouri, whose presence is desired by the grand jury investigating the legislative bribery charges, was in this city reached here today. An examination of the register of the leading hotel shows that John F. Lee and two ladies were there last Saturday and remained until Monday afternoon, when they went to Clifton Forge and there took the westbound train for Cincinnati. While here Mr. Lee and his companions spent their time sightseeing. Mr. Lee is described as a fine looking man, about fifty-five years old. He had a sandy mustache and pleasant manners and said he was a St. Louis lawyer.

FOUND A VERY TENDER MISSIVE

Loving Epistle Which Fore-shadows Marriage is Picked Up on the Street.

Herbert Beanson, a clerk at the Douglas shoe store, last evening picked up on West Wayne street, near Calhoun, a very tender letter which is no doubt prized very highly by some young lady. And by the same process of reasoning it may be safely assumed that she is in a somewhat perturbed state of mind over its loss. The letter, with the names omitted for obvious reasons, is as follows: "Fort Wayne, April 18. My Dear As you well know what a pretty little girl you are, I would not be backward in asking for your hand in marriage. I will make as good a hubby as any boy in this country. I will be down tonight and ask your father for your hand. Please do not object. Your true friend,

"I am in receipt of one of your kisses."

Mr. Beanson is retaining the letter, but will be glad to surrender it upon proof of ownership. He may be excused, perhaps, for something of a harassing curiosity, however, to know the outcome of that request for the daughter's hand.

CITY BREVITIES.

William F. Meyer, janitor of Zion's Lutheran church, left yesterday for a three weeks' visit with relatives and friends in Illinois and Missouri. P. S. Amstutz, vice president of the Woodburn bank, was a business visitor in the city yesterday. Mr. Amstutz left today for Tennessee to visit the timber belt.

Louis Schirmeyer very pleasantly entertained the members of the Corolla club at cards last evening. Luncheon was served at a late hour. Mr. Bott will entertain the club next week.

Ackerman Bros., of 631 West DeWald street, fresco artists, are very busy at the present time and are at work on the following contracts: Catholic churches in Payne and Coshocton, Ohio, and Whiting, Ind.; opera house at Coshocton and Masonic hall at Bucyrus, Ohio.

FOUGHT BLOODLESS DUEL.

Berlin, April 22.—Two medical students, Boehme and Witt, have been sentenced by the criminal court to four months imprisonment for fighting a bloodless duel with pistols. Boehme avowed that Witt purposely jostled him in the street, but a court of honor of university students' societies decided that a challenge was not necessary, as Witt was lame and probably did not mean to touch Boehme's person. Boehme then, in the court of honor, slapped Witt, who struck him in return. The court of honor then decided that they must fight a duel with pistols, as Boehme's right arm was weak from a recent sabre affray. Three shots were exchanged at fifteen paces in the Grunewald forest at 2 o'clock one morning. Neither of the duellists was touched.

PARRY WILL MAKE REPLY.

THINKS SOUTH THE PLACE FOR NEGROES

Dr. Lyman Abbott Says Relations With Whites are Better There.

Richmond, Va., April 22.—Delegates to the educational conference continue to arrive on every train, and as to numbers and interest, it is already clear that the gathering will be a great success. The first meeting will take place at 3:30 this afternoon and the formal opening occurs tonight.

Among the delegates is Dr. Lyman Abbott, who this morning gave an interview on the negro question. He said, among other things:

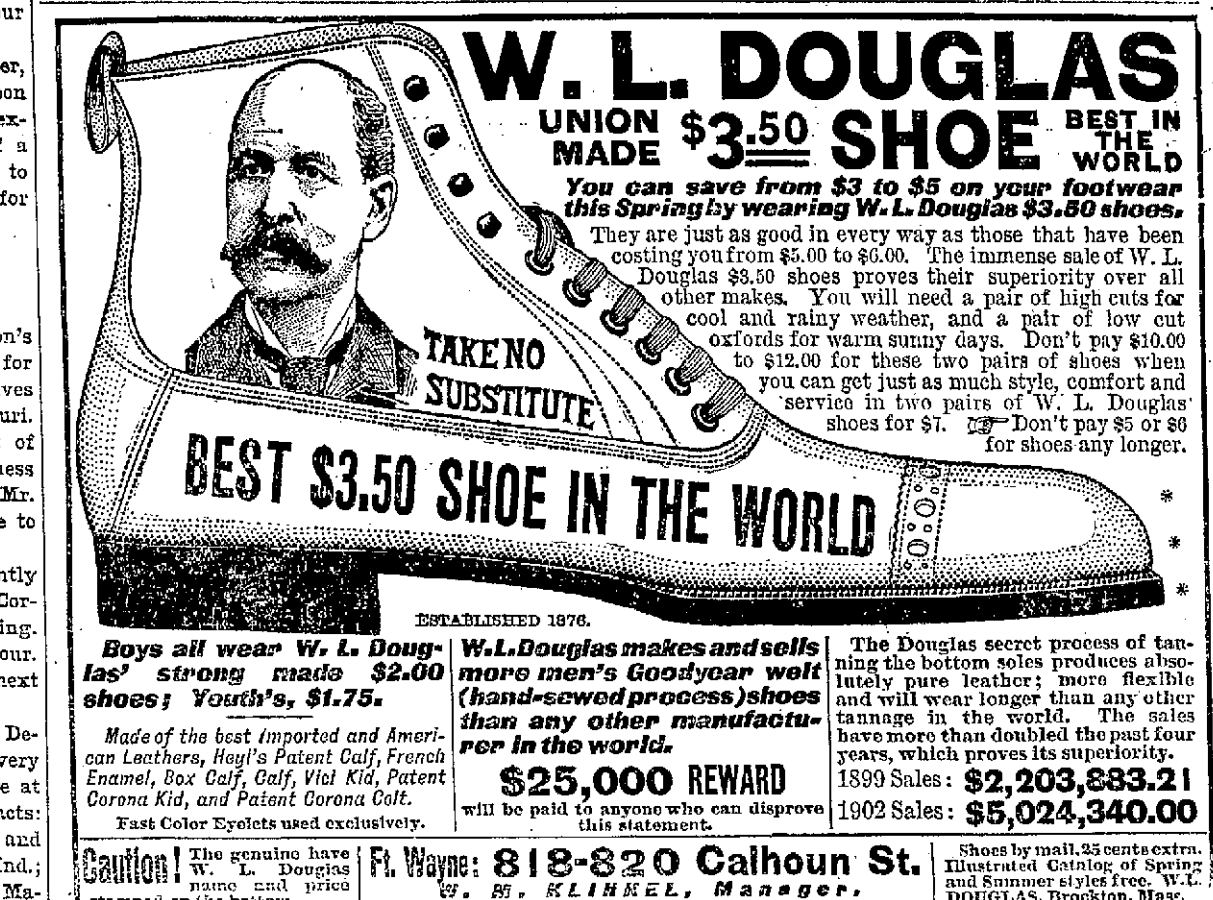

"I think, in the main, that the relations between the blacks and whites in the south are better than they are in the north; that the doors to industrial relations are more open to the negro in the south than in the north; that if he is industrious, honest and reasonably intelligent, he has, on the whole, a better chance in the south than in the north; and, to put the whole thing in a few sentences, if I were a negro I would rather live in a southern than in a northern state."

"I must add the qualification," Dr. Abbott continued, "that probably there are exceptional communities in the south where the negro is subjected to exceptional prejudices, and possibly exceptional communities in the north where he would enjoy exceptional privileges."

PRINCE OF WALES WILL COME.

London, April 22.—The appointment of the prince of Wales as president of the royal commission which is to represent Great Britain at the St. Louis exposition will be made at the special request of King Edward, who thought he could thus best demonstrate his personal interest in the exhibition and his cordiality toward America generally. John Redmond, the Irish leader, was invited to be one of the two Irish members of the commission, but his many engagements necessitated a declination.

Miss Alice M. Smith, of So. Minneapolis, Minn., tells how woman's monthly suffering is permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day while visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound. She had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change."—Miss ALICE M. SMITH, 804 Third Ave., South Minneapolis, Minn.—\$5000 forfeit if original of above letter proving genuine cannot be produced.

Many women suffer silently and see their best days fade away. Lydia E. Pinkham's Vegetable Compound makes the entire female organism healthy.

LOSS OF \$500,000

Fire Destroys the Park Store, the Largest in Western Wisconsin.

LaCrosse, Wis., April 22.—Fire last night destroyed the Park store, the largest in western Wisconsin, and did much damage to surrounding buildings, causing a loss of approximately \$500,000. The fire started in a mysterious manner in the rear of the store, and within thirty minutes after it was discovered the entire plant was ablaze. The building, which was three stories high and extended over a quarter of a square, was filled from cellar to garret with all sorts of inflammable material and the fire department could do nothing to check the progress of the flames. There was practically no wind blowing at the time, which was the only thing that saved the entire block, which includes property worth \$2,000,000, from destruction. The entire plant was completely destroyed within two hours after the first alarm was given and it took fourteen streams of water to save the surrounding buildings from destruction. Several times the flames leaped across the street on two sides of the building, and although the heat was unbearable, the firemen held their ground and saved the threatened buildings. The city of Winona fire department was called upon for assistance, but the local department had the blaze under control before they arrived.

SIGN OF THE RED RAVEN

A beautiful electric sign advertising Red Raven Splits in a downtown pharmacy has attracted considerable attention during the past week, and the proprietor, on being interrogated by one of his best customers as to what the article was, said: "Red Raven is an aperient water put up in dainty half-pint bottles, called splits, one of which is a dose. I always keep a liberal supply of Red Raven Splits on hand because my customers tell me that as a laxative and alternative it is unequalled by any other aperient water on the market. They use it as a rule before breakfast and find it gentle, mild and sure. I never attempt to substitute for Red Raven Splits, because I know that, my trade having used it, well satisfied, will be sure to return for more. The advantage of Red Raven Splits over foreign bitter waters is not entirely in its merit as a laxative, but because it is sparkling, pleasant tasting and as entirely agreeable as any high class table water. The price being fifteen cents makes it an ideal article for all classes of my trade."

WOMAN HELD FOR MURDER.

Alexandria, Ind., April 22.—There was a colored dance here Monday night, which was attended by John Torrance and Dora Tillman. Torrance's body lies in the morgue and the woman is in jail, charged with murder. No one knows just how it occurred. Early yesterday morning the woman went to the home of Alexander Jones and Jones sent for a surgeon to dress a knife wound in her abdomen. Later he went to the point where she said she and Torrance had fought and found Torrance's body. The woman's injury is not serious. Harvey Wilson, who took her to Jones' house, and Jones are detained as witnesses. The woman says she and Torrance had a jealous quarrel while returning from the dance and that Torrance stabbed her. Beyond that she refuses to speak.

DANDRUFF CAUSED BY A GERM.

A New Discovery That Kills the Germ and Prevents Baldness.

Pretty nearly all the hair preparations for dandruff have some merit in allaying itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair, and baldness, and that destroys the cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp, down to the hair root, where it says that vitality, causing dandruff as it digs up the scalp into little white scales. Unless it is destroyed there's no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. "Destroy the cause, you remove the effect."

GAME LAW VIOLATIONS.

Laporte, Ind., April 22.—Violations of the hunting and fishing laws have become so flagrant in this vicinity that the sportsmen are raising a fund for the purpose of hiring detectives to obtain evidence to be used in prosecuting those who persist in the wanton destruction of game. Dynamite is frequently used. One night this week a number of persons dragged a seine in Pine lake, securing eighty-four large bass and more sun fish, rock bass, perch, etc., than they could carry away. Instead of throwing them back into the lake they allowed them to die on land. Henry Hildebrand, the deputy fish and game warden here, has resigned and his successor has not been appointed.

SMOKER WAS A SUCCESS.

The Jefferson club gave a smoker at its rooms Tuesday evening, entertaining a large company of democratic voters in a most enjoyable manner. The members whiled away the evening with cigars, cards and stories, with informal discussion of the campaign outlook, which is viewed most encouragingly. Every portion of the city was represented and a number of prominent democrats from the country districts were also present. Congressman Robinson was in attendance, as were nearly all the democratic city candidates.

TOO RIGOROUS INITIATION.

Bluffton, Ind., April 22.—Members of the L. S. S. B. secret fraternity, composed of high school boys, are threatened with arrest by County Auditor-elect C. S. Brinneman. The fraternity initiated four candidates Monday night, one of whom was John, the fifteen-year-old son of Mr. Brinneman. The candidates were taken to the country and left until midnight. Yesterday young Brinneman was so badly used up by the treatment received that he could not leave his home.

MAN AND JEWELS MISSING.

Hartford City, Ind., April 22.—J. H. Sanders, a drug clerk for the Cronin Drug company, of this city, left town Monday noon and \$300 worth of diamonds are missing from the Bell jewelry store, located in the same room. Sanders was employed at Indianapolis before coming here and was well recommended. He was left in charge of the store at noon hour. He failed to return from dinner and an investigation was made when the loss of two diamond earrings was discovered.

WOMAN'S BEST FRIEND.

Zoa Phora Brings Relief and Permanent Cure to Pains and Backache—It Is a Certain Regulator and Safe Remedy in the Danger Periods of Woman's Life.

TRIAL BOTTLE MAILED FREE TO ANY WOMAN.

Zoa Phora cures falling or displacements, leucorrhea, female irregularities and disease or weakness of the pelvic organs, flooding, lacerations, kidney, liver, or bladder trouble, and change of life.

Miss Alice V. Mills, 32 W. 9th Ave., Columbus, O., says: "I feel it my duty to say a few words in regard to the relief your medicine has given me. I have suffered intensely for nine years—from what cause I did not know and do not now. I have tried several remedies with little or no relief. The symptoms which bothered me most were great pain in the left side and near the kidneys. I also had severe stomach and bowel trouble. I have been advised to go to the hospital, but I found that Zoa Phora was far better than the knife. I have taken three bottles of Zoa Phora and two boxes of Anti-Constitution Pills; your remedies have certainly done me worlds of good. They have made a wonderful change in my condition. I gladly recommend Zoa Phora and Anti-Constitution Pills to all suffering women. They will never find its equal. Zoa Phora has indeed been a friend to me."

BALLOTS TO BE RECOUNTED.

Springfield, Ill., April 21.—The ballots in the Lorimer-Durberrow congressional election will be recounted, according to a decision of the supreme court today. The recount was requested recently by Allan C. Durberrow, the defeated democratic candidate.

Mr. Lorimer secured an injunction in the Cook county circuit court restraining the election commissioners from producing the ballots. They ignored the order and were arrested and fined for contempt by Judge Haney. The supreme court holds that the circuit court had no jurisdiction in the case.

FOR STATE CHAMPIONSHIP.

A shoot for the championship of the state will be held on the Trautman range, this city, next Friday, between J. L. Head, of Peru, the present champion, and Max Witzigreuter, of this city. The two men contested on St. Patrick's day, Head winning, but it is claimed that Witzigreuter shot more birds, a number of them falling out of bounds. A shooting tournament will be given here in a few weeks and the principal trophy will be a cup presented by the Shields Clothing company, valued at \$100. Some of the best shots in the country will take part.

WILL COAL SHIPS AT SEA.

Berlin, April 22.—Admiral Prince Henry, of Prussia, is to take the battleship squadron to Spanish waters May 3 with barely sufficient coal to reach a pre-arranged latitude and longitude. There the warships will fill their bunkers from colliers. This is intended to be a test of high sea coal-burning in the most complete form possible, and will occur even if rough weather prevails. On his return Prince Henry will give up sea duty except that he will be fleet commander during the manoeuvres of August and September next.

PRESBYTERY ELECTS AT ELKHART SESSION

O. B. Fitch Delegate to Assembly—Rev. Breckenridge Vice Moderator.

Elkhart, Ind., April 22.—The spring session of the Fort Wayne Presbytery, comprising the counties of Elkhart, Lagrange, Steuben, Noble, Allen, DeKalb, Kosciusko, Whitley, Huntington, Wells and Adams, closed last night, after holding four sessions, beginning Monday evening. The sermon Monday evening was delivered by the retiring moderator, Rev. Clarence G. Miller, of Bluffton. The venerable Dr. H. L. Vannuys, who recently resigned after serving the Goshen church over fifty years, was elected moderator for the ensuing term, and Rev. John P. Breckenridge, of Fort Wayne, was chosen vice moderator. Rev. Asher Brand, of Auburn, was chosen temporary clerk. The devotional exercises yesterday morning were conducted by E. A. K. Hackett, proprietor of the Fort Wayne Sentinel.

Yesterday afternoon the presbytery elected Dr. H. L. Vannuys, of Goshen, and O. B. Fitch, of Fort Wayne, commissioners to the general assembly. Only one alternate was named—J. T. Orton, of Lima.

Rev. J. A. P. McGaw, of Fort Wayne, was re-elected stated clerk and Rev. C. E. Combrink was chosen permanent clerk, each to serve three years. Rev. A. C. Ormond, of Kendallville, was made permanent committee on sessional records.

ROME CITY CLUB AT DECATUR.

(Decatur Democrat.)

Twenty-four ladies and gentlemen from Fort Wayne, members of the Rome City club, arrived this afternoon and are the guests of Miss Hattie Studabaker and Mrs. Morrison at their home on Fourth street. The parties include Messrs. and Mesdames Benjamin Vesey, W. J. Vesey, A. J. Vesey, M. L. Jones, E. W. Cook, J. M. Henry, J. E. K. France, Herman Michael, Louis Curdes, A. L. Randall, Mr. Charles Vesey and Mrs. Henderson. The ladies went direct to the home of their hostesses while the gentlemen enjoyed the afternoon at the Burt house. At 6 o'clock an excellent dinner will be served by Mrs. Morrison and Miss Studabaker, to which, besides the Fort Wayne people, a number of relatives from this city will be present. The evening will be enjoyed by an indulgence in pedro and the event is sure to be a very happy one. The guests expect to return home on a late train tonight.

ONE SENATOR UNEASY.

Washington, April 22.—Postmaster General Payne last evening in discussing reports of attempts to interfere with the investigation of affairs of the postoffice department said that there had been only one member of either house of congress who had shown to him any particular interest in the investigation. This was a senator, whom he did not name, who had asked to be given an opportunity to be heard by the postmaster general if anything was done in the case of a person at the postoffice department in whom he was interested.

Mr. Payne said that there was a great deal of exaggeration in some of the reports regarding the investigation and that the fourth assistant postmaster general was making a very careful investigation along business lines. He said that there were no developments.

At least Mr. Bryan is taking seriously the talk of Mr. Cleveland's candidacy.

President Roosevelt is to be the guest of the labor unions in Montana. This will clearly disqualify him for first place on a presidential ticket with D. M. Parry.

After many categorical denials from the parties most interested it now is learned that the rumors that Mr. Vanderbilt and Mrs. Rutherford are to be married were true. The confirmation comes from the highest source. It is of no great consequence, though it again emphasizes the fact that when a Vanderbilt weds the continents are jarred.

Various signs contribute light to the prospect that William B. Hearst, of the Hearst newspapers, has definite purposes relative to the next democratic national ticket. Mr. Hearst has made himself well enough known to aspire without being presumptuous and his taking of a seat in the next congress will give him a new stage on which to show what kind of an actor he would be likely to turn out in the role of statesman.

No matter what is done, Fort Wayne will not have first class street car service until the south-side railroads can be crossed otherwise than at grade level. Announcement is made that the new owners of the traction system are considering plans to improve the service. To give them opportunity to do all they doubtless desire to do either a tunnel or a viaduct must be constructed. That is one of the big problems the city has to dispose of sooner or later and it can not be disposed of too soon.

The lieutenant governor of Missouri is cutting no very dignified or manly figure in dodging summons to court to testify in the legislative bribery cases. Lee is keeping away from his state in order to protect friends against whom he would have to give testimony if he appears before the grand jury, so like any other fugitive from the law he jumps the state's jurisdiction and seeks to

fix terms upon which he will return. He is ready to tell part of what he knows concerning the bribery cases, but wants the line drawn on certain testimony that will do harm to friends. It is a sorry spectacle, the more sorry for the high place which is so woefully disgraced by its occupant.

Indianapolis is more or less absorbed in the question of Hon. Tom Taggart and the mayoralty of that city. The genial Tom will not be coaxed or cajoled into any statement, specially any statement that he is not going to be a candidate for the democratic nomination. Hence it is hastily concluded he will be. Ex-Mayor Taggart, it is well known, aspires to the chairmanship of the democratic national committee and it may be set down as a condition that his coming out again for the mayoralty will depend entirely upon the extent to which that will serve his larger ambition.

Governor Durbin is too early receiving credit for stamping out gambling at the race track in the northwest corner of the state, just over Chicago's back fence. He has not stamped it out. He has simply put his foot upon it as Governor Matthews did and as Governor Mount did. The governor may have stopped the evil for a time, but it will spring up again. The laws seem hardly adequate to deal with the case. It is a situation extremely difficult to handle and Governor Durbin may be able to manage it effectually in his administration, but it will be revived to trouble his successor.

BRIDEGROOM ENDS LIFE.

Loogootee, Ind., April 22.—The suicide of Harry Huebner, a bridegroom of a few days, is still a mystery. Huebner's body was found on the street in a prominent residence section of the city Monday. His throat had been cut with a pocket knife. Huebner, who was a prominent business man and a member of the firm of Huebner, Shirley & Gates, was secretly married to Miss Elizabeth Young, prominent in local society, last Thursday. The secret was revealed Sunday and Sunday night Huebner cut his throat in front of the home of his partner, Mr. Shirley. A note was found in his pocket which stated he had been under a terrible strain and could stand it no longer. His business affairs were in good condition.

ASK FOR A CHARTER.

Toronto, Ont., April 22.—A request has been received by the executive committee of the American Federation of Labor from the Stonemasons' International union for a charter. It was held under advisement. Delegate from the United Brotherhood of Carpenters and Joiners and from the Amalgamated Society of Carpenters and Joiners appeared relative to the amalgamation of both organizations as directed by the New Orleans convention. This also was taken under advisement. A delegation from Denver Trades and Labor assembly protested against the action of some of the Denver newspaper publishers in discriminating against union made paper. The executive committee, by wire, strongly urged them to urge the use of union labelled paper.

NEEDLE IN HER FOOT.

Miss Kate Belger, of West DeWald street, underwent an operation today for the removal of a needle from her foot. Yesterday while doing some housework Miss Belger stepped on the needle, which penetrated deeply into her foot through the shoe and broke off. Dr. A. E. Van Buskirk performed the operation.

DR. COULTER CANNOT COME.

Dr. John M. Coulter, of Chicago, who was to have addressed the mass meeting for men at the First Presbyterian church Sunday, May 3d, will be unable to come. Dr. Coulter has been quite ill for some time and is obliged to take a complete rest. The committee having the meeting in charge is making arrangements to have another speaker of equal prominence.

NEW DIRECTOR HERE.

Rev. Luecke, the new director of Concordia college, arrived in the city last evening from Springfield, Ill., to take up the work of his position. He will be installed at the college Friday morning.

WILL REMAIN IN LAKESIDE.

John M. Pfeiffer, proprietor of the Greatest grocery, desires The Sentinel to say that the statement that he would remove to South Wayne is an error. Mr. Pfeiffer stated that he contemplated building a handsome residence on Fairfield avenue, but that the residence would be leased by a prominent business man, and Mr. Pfeiffer says that he has no intention whatever of removing from Lakeside.

WARRANT AWAITED HIM AT JAIL DOOR

Charles Johnson Arrested as He Completed Old Sentence—The Police.

There was no police court this morning and if the moral wave keeps pace with the cold wave, there won't be any for a week.

Charles Johnson, sent over several months ago to do a sixty-day sentence and a \$10 fine for larceny, was to be released today. Unfortunately for him there was another officer on tap at the jail, who read to him a warrant for his re-arrest on a charge of stealing a lot of tools from Marshal Cominacovich, of Spy Run avenue.

Superintendent Gorsline last night issued a circular detailing a squad of sixteen patrolmen to act as escort to the Masonic and other bodies and the city officials attending the Oakley obsequies today.

L. C. Cooper reported that his bicycle was stolen from the Arcade yesterday afternoon about 2 o'clock.

The police department is trying to discover the whereabouts of Jacob H. Lynch, supposed to be in this city. Lynch's sister has written the department from St. Paul, asking that he be found so that she can communicate with him.

Alexander Tower, of 2535 Webster street, complained that a dog belonging to John Lewis had bitten his boy. This morning at 7:11:31 Officer Pageler cautiously poked a Smith & Wesson, calibre 38, into the dog's ear and pulled the trigger.

Every Woman Should Write Dr. S. B. Hartman, President of The Hartman Sanitarium.

MRS. JOSEPH LACELLE.

Mrs. Joseph Lacelle, Ottawa, East, Ont., Canada, writes:

"Peruna is better by far than any other medicine sold in the Dominion for the troubles peculiar to the sex. I suffered with backache, headache and dragging down pains for over nine months, and nothing relieved me a particle until I took Peruna. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health and have neither ache or pain, nor have I had any for the past year. If every suffering woman would take Peruna they would soon know its value and never be without it."—Mrs. Joseph Lacelle.

SENATOR MARK HANNA REPLIES TO PARRY

Ohio Man Defends Labor Organizations in a Speech to Iron Workers.

Columbus, Ohio, April 22.—Senator Hanna was last night the guest of honor at a banquet tendered the delegates to the convention of the Amalgamated Association of Iron, Steel and Tin workers that is now holding its 28th annual session here. He was invited as the chairman of the civic federation to speak about the national civic federation and its work, but he took occasion also to reply to the recent annual address of President Parry, of the American Association of Manufacturers on the relations between organized employers and organized employees in which his audience was so sympathetic as to respond in the unusual demonstrations of approval.

After addresses by J. D. Morgan, state inspector of shops, and Joseph Bishop, secretary of the Ohio board of arbitration, Senator Hanna was introduced shortly before midnight and after warmly thanking the members of the association for the cordial reception and the honor of being their guest, continued:

"I have always felt that when the time might come that men in the strife and contest of life could be made to see that there is no difference in the brotherhood of man, the beginning of the end would be in sight."

READS FROM PARRY.

Senator Hanna read this from Mr. Parry's New Orleans address: "Organized labor knows but one law and that is the law of physical force—the law of the Huns and Vandals, the law of savages. All its purposes are accomplished either by actual force or by the threat of force."

Replying Mr. Hanna said: "That is not true (long continued applause and cries of 'Good.') (Reading) 'Once thoroughly alive to the true nature of this un-American institution of organized labor as at present conducted, the people, I firmly believe, will place their stamp of disapproval upon it and it will dwindle in power faster than it grew.'"

"We will see." (Long continued applause and laughter.) "In controversy of these statements I am able to bear witness to the facts that within the last two years in connection with this work of the civic federation it has been demonstrated that this question in the interest of organized or unorganized labor has received more thoughtful and careful consideration from all classes from the American people than ever before."

"If I had the time to recount in detail the difficulties that have been overcome and the advancement that has been made in the settlement of disputes in bringing closer together the employer and the employee; if I could state those facts and ask the gentleman who makes these statements what he had to say in reply, furnishing proof, I would fire him out of court."

EMPLOYERS SATISFIED.

"It is true that today, within my knowledge, the men who control the greatest industrial affairs, and I mean by 'industrial affairs' everything that enters into our industrial development, transportation and manufacturing, are satisfied that the efforts being made are as much in their interest as they are in the interest of the laborer. They have been totally prejudiced and are ready to co-operate, ready to give up

the prejudices of the past, and witnessing the proofs that have come from this effort, stand ready to extend their hands of fellowship and join in this movement, and I honestly believe that the majority of that very organization stands exactly in that position. (Reading) 'The men who toil in our factories call for our most earnest consideration. But what we protest against is the unwarrantable usurpation of rights and the disastrous industrial policy which characterizes them in their present associated capacity.'"

CALLS IT UNKIND.

"That is unkind. Unkind because it is not true. Unkind because it is a statement in direct opposition to the results accomplished. Of course, it is some concession to admit that 'it is entitled to earnest consideration' (laughter and applause), but to say that it is an 'unwarrantable usurpation of rights' and 'disastrous to industrial policy' is not true (more applause). There is no part of business or industrial transactions in which everybody is agreed and satisfied. It is beyond the power of human nature—we are all selfish—to expect that in every transaction in business of life there should be exact agreement. But there is always a neutral ground, a neutral position, where these great forces can meet and at least consider the situation. There has been in connection with labor troubles and disturbances many things I cannot condone."

Senator Hanna referred to Mr. Parry's statement that organized labor drives men into its ranks unwillingly through a policy of intimidation, and said if that is so he does not know it.

He also took up and tore to pieces many others of the arguments concerning labor organizations as set forth in the New Orleans report, only urging labor not to forget the conservative policy.

MEAL TIME DRINKS

Should Be Selected to Suit the Health as Well as the Taste.

When the coffee tapper, ill from coffee drinking, finally leaves off coffee the battle is only half won. Most people require some hot drink at meal time and they also need the rebuilding agent to build up what coffee has destroyed. Postum is the builder, the other half of the battle.

Some people stop coffee and drink hot water, but find this a thin, unpalatable diet, with no rebuilding properties. It is much easier to break away from coffee by serving strong, hot, well boiled Postum in its place. A prominent wholesale grocer of Fairbault, Minn., says: "For a long time I was nervous and could not digest my food. I went to a doctor who prescribed a tonic and told me to leave off coffee and drink hot water."

"I did so for a time and got some relief, but did not get entirely well so I lost patience and said: 'Oh, well, coffee isn't the cause of my troubles' and went back to drinking it. I became worse than ever. Then Postum was prescribed. It was not made right at first and for two mornings I could hardly drink it."

"Then I had it boiled full fifteen minutes and used good cream and I had a most charming beverage."

"I fairly got fat on the food drink and my friends asked me what had happened I was so well. I was set right and cured when Postum was made right."

NOBLE COUNTY MAN IS NOW IN CHARGE

Oil Inspector Lohman Looking After Official Duties in Fort Wayne.

G. H. Lohman, of Kendallville, oil inspector for the counties of the Twelfth district outside of Allen, arrived in the city yesterday to take up the work of Col. C. B. Oakley, whose death occurred Sunday.

Mr. Lohman's appointment was made simultaneously with that of Colonel Oakley in December last, when the district was divided, the Allen county division, comprising much the better part of the inspection, falling to Colonel Oakley. It is believed that Mr. Lohman's work in Fort Wayne will be but temporary, continuing merely until the governor selects a successor to Colonel Oakley. It is believed probable that Col. A. T. Lukens, who was prominently mentioned for the place last fall, will now be named as the appointee.

Baseball Gossip.

President Mautner this afternoon announced the appointment of Homer T. Smith as official scorer for the Fort Wayne club for the season of 1933. The appointment is not only a wise one, but will be universally commended. Mr. Smith is one of that particular brand of fans chiefly distinguishable by having the book of rules blown in the neck. What he doesn't know about base ball ain't worth looking up, and he is so conscientious that he has been known to fine himself a dollar for missing a game. He is personally popular at all the newspaper offices who must depend upon him for many favors, and to the sporting end of the guild his appointment is particularly gratifying.

"It's a long lane that has no turn and it's a cold day when Chicago gets left," is the substance of a proverb first enunciated by Shakespeare and afterwards confirmed, endorsed and counter-signed by Confucius, the well known German song and dance writer. Yesterday filled the bill. Of course everybody expected that Pittsburgh would lose some time, but no-

body ever suspected that the invincible Philippi would get soaked for nine bases in a single inning, but he did and Pittsburgh lost. Now, as to cold days, it may be stated that the opening of the National league season in Chicago was postponed yesterday on account of the snow, but that was nothing whatever compared with the chill that ran down the suspenders of the 18,010 persons who assembled for the first time this year at Pittsburgh to see the new pennant run up and then saw their own beloved, true pirates bowed down in the dust, principally on account of the measly O'Neil brothers' duet, which the same hall from St. Louis. At Brooklyn 16,000 people paid to see the home team defeated, but at Boston only 1,642 fans felt sufficiently interested to turn out to see Boston make three runs off three hits. The American league season opens today in earnest, all the clubs being scheduled to play.

READY FOR LINE-UP.

Central League News Interchange Special. Evansville, Ind., April 22.—Evansville has five more games to play before the close of the exhibition season and then a few days for general practice before the beginning of the championship contest. The Hoosiers and Nashvilles are after a fine silver trophy, a beautifully carved silver cup, and G. W. Bement, jr., is anxious that it adorn the desk of the president of the Central league the coming season. Seven games were arranged and each club has captured one. The winner must take three out of the next five played. The Nashvilles are the champions of the Southern league, which claims to be almost equal in playing strength of the American association, and should Evansville capture the cup in question it will give the new Central league great prestige and the Evansville team much pleasure.

The Hoosiers began a series of three games at Nashville today (Wed-

nesday) and the Southerners will return with them on Friday night to close the contest here—on Saturday and Sunday in this city. Quite a large delegation of local fans will accompany the team to Nashville.

Blough, a left-hander, whom Capt. News says will be his best pitcher, has telegraphed from his home in Philadelphia, that he will report here within the week. The young man is six feet tall, very speedy and has deceptive curves and gives promise of great things during the season. He is a dental student and will graduate within the next few days. As soon as the closing exercises are at an end he will start for Evansville.

President Bement sat on the players' bench at the local ball park last Saturday afternoon and listened to a decision by Umpire J. J. Meekin of the Central league staff, that gave the Detroit Americans three runs in an exciting game and the victory. Carr, of the Detroit, had resorted to a piece of rowdy playing that was not witnessed by Meekin and of course the latter's decision on what followed favored Detroit. After the game Meekin approached the president and explained that he did not doubt but that Evansville had been worsted by the decision, but he said he did not see the play and of course could not decide in favor of the home team. Mr. Bement did not doubt Meekin's honesty in the premises and told him so.

"We are all human and liable to mistakes," said Mr. Bement later. "All I want is capable and honest men to handle the indicator. Meekin is a good man and is sure to give the greatest satisfaction. He is conscientious and hard working and has the success of the league at heart."

Evansville continues to show up well in the exhibition games. Most of the games played here thus far have been with National and American league clubs and the showing made by the Hoosiers is satisfactory. These games have developed many weak spots in the team and these defects are being remedied as rapidly as possible. Several of the players are developing into good batters, Jacobs taking the lead, but in field work and base running there is much to learn. These shortcomings, however, are being pointed out to the men and will be lessened in reasonable length of time.

The championship season will open with Evansville in excellent condition and the players pretty well seasoned. It is the consensus of opinion that the locals should settle down to steady playing from the very beginning. The pitching staff is rounding into form and three men at least will be in shape for effective work from the very beginning. These are Parkins, Treat and Willis.

Lyttal, an outfielder, from whom great things were expected the coming season, has telegraphed that he will not report here for duty, as he has decided not to play ball this year. It is believed that he has a good offer in the east and that Evansville will soon be asked for terms for his release.

President Bement, of the Central league, will go to Cincinnati this week on business, and while away will go over to Dayton and see how things are progressing. "I have not been invited there and my presence is not wanted because of any trouble," said he. "I will merely make a social call and spend a half day with the owners of the club."

—Netter Worthington.

HANNA SELECTED TO PRESIDE.

Columbus, Ohio, April 22.—Senator Marcus A. Hanna will preside at the republican state convention in Ohio, to be held here June 3 and 4. At a meeting of the state central committee yesterday afternoon it took just half an hour to decide upon Columbus as the place for the convention and to choose temporary officers. This was all the business transacted. Senator Hanna was the general choice for temporary chairman, John R. Malloy, of Columbus, was made the temporary secretary and W. F. Gast, of Cincinnati, sergeant-at-arms.

CITY BREVIETTES.

Miss Lida Stour is home from a visit in Monroeville.

Miss Maud Perry was hostess for the College club last evening.

Miss Lillie Close entertained the Chez Nous club last evening.

Joseph Nick is home from a visit in Dayton, Ohio.

Mr. and Mrs. Joseph Block, of Chicago, are guests of Mr. and Mrs. Ben Lehman.

The employees of the Fort Wayne traction company gave a ball last evening in Knights of Columbus hall. On Monday evening there was an exhibition of moving pictures at the Rudisill school to raise money to buy new books for the library.

The ladies' societies of Trinity Episcopal church are preparing to open a rummage sale. Mrs. Glenn Mills and Mrs. L. E. Thayer are in charge of the preparations.

Mrs. A. C. Keel and her mother, Mrs. S. J. McKenzie, have gone to New York city. Mrs. Keel will attend a meeting of the National Theosophical society.

Miss Bessie Aldrich and Almond A. Edwards were united in marriage Tuesday afternoon at 5 o'clock at the bride's home. Mr. and Mrs. Edwards will live in Monroeville.

Michael F. Nelligan and Miss Julia Nelligan, of Chicago, and P. J. Fallon, of Indianapolis, came to the city to attend the funeral of the late James Summers, which occurred today.

The three lodges of the Ancient Order of United Workmen gave their first annual ball last evening in Saengerbund hall and it was a most successful affair in every way. About 500 people participated in the grand march.

Mrs. J. V. Reul entertained the members of the Dolly Varden club very pleasantly yesterday afternoon. Ferns, palms and carnations were used profusely in decoration. There were eight tables of players, the prizes for points being won by Mrs. Curry. Mrs. Miller winning the prize for games, and Mrs. Joseph Douglass the prize for fourteen. A dainty two-course luncheon was served. Mesdames Will Paul, Ralph Thomas, Schulze and Larke assisted in entertaining.

WILL FIGHT TO KEEP SLAVES.

Manila, April 22.—Major General Davis has returned here from the Jolo archipelago. He did not see the sultan of Jolo, as the latter went to Singapore three days before General Davis arrived. The sultan's absence compels a temporary abandonment of the negotiations for the abrogation of the Bates treaty. General Davis reports that nine-tenths of the Lanao (Mindanao) Moros have accepted American sovereignty and pledged peace and friendship. Representatives of forty towns north of the lake professed allegiance to the United States before Major Ballard yesterday. Peace is assured until an attempt is made to abolish slavery. It is believed that would unite the Moros in opposition to the Americans. The head-hunters inhabiting the Sierra Madre mountains have made a raid in the province of Nueva Ecija, island of Luzon. They beheaded four natives. A force of cavalry is pursuing the raiders. Brigadier General Humphrey will leave here Thursday for San Francisco.

DIFFERENCES ARE SETTLED.

St. Paul, Minn., April 22.—Differences between the Northern Pacific and its trainmen have been settled. A new wage scale and the abandonment of "double-headers" will take immediate effect.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren street, New York, will mail it.

STRIKERS IN UGLY MOOD.

Somerville, N. J., April 22.—A committee of the strikers on the estate of James B. Duke, president of the American Tobacco company, had a conference with Mr. Duke today. Mr. Duke told the committee that he would not under any circumstances re-employ the men who had caused trouble at the farm. He agreed to increase the wages of the "stone-masons" and they returned to work. The other strikers are still in an angry mood, but they have gone quietly to their homes.

PUTTING UP BARS
AGAINST WABASH

Pennsylvania Objects to the Plans for Wabash Line to the Seaboard.

THE RAILWAY CARNIVAL

Committees Select the Last Week in July as the Date of the Event.

The management of the Reading railroad, in the eastern part of the state, which lately passed jointly under the control of the Vanderbilt and Pennsylvania interests, is scheduled soon to be turned over to new hands, says the Pittsburgh Dispatch. President L. F. Lorce, of the Baltimore and Ohio, is slated to become a new director of the Reading company, to represent the Pennsylvania interests. H. McK. Twombly, who married a sister of the late Cornelius Vanderbilt, of New York, and who is prominently identified with the New York Central road, is to become another director of the Reading road, in order to represent the Vanderbilt interests.

Back of this is a story. The Wabash, or Gould system, is working hard to get a line to the seaboard. The Vanderbilt folks are fighting this, the battle ground being mostly in Maryland.

The Pennsylvania and Reading interests are fighting every foot of ground that the Wabash is trying to get to the coast line. In regard to this matter, President Lorce and President A. J. Cassatt, of the Pennsylvania lines, had a long conference at Philadelphia last Saturday. The Pennsylvania, which includes the Baltimore and Ohio, is simply trying to protect itself against the possible encroachments of the Wabash.

Carnival Date Fixed.

George W. Erwin, O. E. Maxwell and A. F. Karthol, representing the Brotherhood of Locomotive Firemen; P. J. Sullivan, C. A. Scott and Henry Webber, representing the Brotherhood of Railway Trainmen, met as a committee yesterday to consider the proposition to hold a railway carnival the coming summer. A permanent organization was effected by electing the following officers, who will have complete charge of the work of getting up the carnival.

President—C. A. Scott.
Vice President—O. E. Maxwell.
Treasurer—P. J. Sullivan.
Secretary—George W. Erwin.
General Manager—Henry Webber.
Assistant General Manager—A. F. Karthol.

These officers, or general committee as the organization is called, will call forty others to their assistance, twenty from each brotherhood.

At the meeting yesterday it was decided to hold the carnival the last week in July, commencing on Tuesday and closing Saturday, and if possible, Centerville park will be secured for that portion of the program which cannot be given on the streets. Centerville is the only public park in the vicinity of the city offering facilities for the engine collision, which is to be one of the leading features of the carnival. The committee will hold a conference with Mayor Berghoff this afternoon relative to the use of the streets and other privileges on that occasion, and a more definite announcement of the program will probably be issued in a day or two. The men back of this enterprise say they propose to make it the most entertaining event of its kind ever given in this city.

Lumbermen Visit the City.

Herman Hettler, a former resident of Fort Wayne, was combining business with the Pennsylvania company and a visit with relatives and friends yesterday. Mr. Hettler is now connected with the E. S. Hartwell Lumber company, of Chicago. J. L. Phillips, the Hartwell people's representative in the yellow pine districts, with headquarters at Tifton, Ga., and J. L. McCauley, of the Union City Lumber company, Union City, Mich., were also here on business with the Pennsylvania company.

Will Aid Their Comrade.

Andrew Seabold, who has been an invalid for five or six years, will be the beneficiary of a ball to be given next Friday evening at Maccabee hall, on Calhoun street. Mr. Seabold is a member of Maccabee tent, K. O. T. M. No. 95, and the ball is to be given under the auspices of that lodge. The unfortunate man is a carpenter and for a number of years was employed under Foreman Hiram Forster, at the Pittsburgh shops. The Wabash men are taking an interest in the benefit ball and many tickets are being sold among them.

Shipping Department Busy.

Included in one of the largest daily outputs of the past ten days were the following, which left the shipping department of the Fort Wayne Electric works today: A motor for the West-

ern Gas Construction company's factory; a 250-light generator to Hope, Ark.; a 20-horse power motor to the Brass company, Grand Rapids, Mich.; four motors, ranging in capacity from 5 to 15-horse power, to St. Louis, and a hoister set to Fort Meyers, D. C. for use in the government signal station.

Returns to Old Place.

George DeWald, an electrician, who has been employed in an electric light plant in Terre Haute for some time, has returned to this city and this morning he resumed his old place in the Fort Wayne Electric works. Woodford Kincaide is also a new name on the pay rolls at the works. He has been assigned to the commutator department. A. L. Knox, a machinist, resigned his position last night.

Shipping Boilers.

At the Bass works today a 150-horse power boiler was loaded for shipment to Sandusky, Ohio, where the Pennsylvania company is putting in a power plant. Tomorrow the Bass works will ship the last of six 150-horse power boilers that were built for the Kansas City Star. The aggregate capacity of these boilers is upwards of 1,000-horse power, which, with engines of equal capacity, makes the Kansas City Star's power plant the best of any of the western newspapers.

New Steam Hammer.

The Western Gas Construction company is putting in a 200-pound steam hammer at its blacksmith shop. The six cranes in the new foundry are being equipped with electric hoists and will soon be ready for operation by that kind of power. The company has received information to the effect that the apparatus for a big gas plant has arrived at Halifax, N. S., and the construction force has commenced erecting it. Mr. Lawler has charge of the work.

Will Reduce Expenses.

Instructions to reduce expenses have been received by the officials of the Southwestern system of the Pennsylvania, better known as the Pan-handle lines. A meeting to discuss the matter was held last week and concerning it the Indianapolis Journal says: "It is understood that the services of all unnecessary employees will be dispensed with and other restrictions placed that will materially cut down expensive operations."

Lindemann Got the Contract.

Contractor William R. Lindemann has been awarded the contract to build the two-story brick addition to St. John's Reformed school building, on West Washington street, and is now getting the material for the work. The addition will be quite large and will cost upwards of \$6,000.

Industrial Notes.

C. Denahy, Jr., of the Pittsburgh copper shop, is sick.

Blacksmith James Conroy, of the Wabash shops, is sick and off duty.

General Roadmaster A. B. Adams, of the Wabash, is in the city looking after railway matters today.

H. W. Koons, who had been on the sick list three or four days, resumed work at the Pittsburgh blacksmith shop this morning.

F. L. Jones and A. T. Sargent, machinists' helpers, and William Dreibels, a laborer, are new men at the Wabash shops.

A new ditching machine, similar to the one built here several years ago, will be turned out of the Wabash shops and put into service in a few days.

After a week's absence on account of his machine being moved to its new quarters, Machinist Henry Lapp, Jr., of the Pittsburgh, reported for work this morning.

Engineers A. Kelker and E. A. Jarrod are sick and Firemen W. Wages and W. Kroyse are off duty on account of sickness in their families. They are Pennsylvania employees.

Foreman T. J. Rodabaugh, of the Pittsburgh paint shop, will go to James lake tomorrow to spend a week in fishing. He has a cottage at that resort.

Louis Miller, of Indianapolis, a machinist in the employ of the Big Four company, is spending a few days in the city with relatives and friends. Twelve years ago Mr. Miller resided in this city.

Philip F. Vasey, the plumber, has moved his shop from Broadway to South Hanna street. He has also moved his family into a cosy house near his new shop.

There is a heavy movement of colonists from Kentucky and Tennessee to Oklahoma and Indian territory, which adds greatly to the business of the roads between those countries.

Mt. Carmel, Pa., will be made an important transfer point for freight business of the Pennsylvania and Lehigh Valley lines. Over 10,000 cars are handled there monthly.

The Cincinnati, Hamilton and Dayton road has supplemented its order with the American Locomotive company with instructions to build ten more engines.

The Lake Erie and Western has increased its force of workmen in the maintenance of way department fully 200, the new men being engaged in ballasting and repairing the roadbed.

T. J. Kucher, the new claim agent on the Nickel Plate, has been assigned

George A. Szink, foreman of the Pittsburgh blacksmith shop, is confined to his home by a severe attack of the grip. During Mr. Szink's absence Frank Opatz is looking after affairs at the shop.

Ralph Petgen, son of Plazman, Frank A. Petgen, of the Pennsylvania, will leave St. Joseph hospital tomorrow for his home. The lad was operated upon for appendicitis several weeks ago and is now nearly well.

The engagement of Edward J. Hammerle and Miss Mary Stoehr, the latter of Milwaukee, Wis., has been announced and the wedding will take place May 12. Mr. Hammerle is employed at the Western Gas works. He will bring his bride here to reside.

Mr. and Mrs. Arthur Hicks have returned from the east, where they were called a week ago by the serious illness of Mrs. Hicks' father. Mr. Hicks is night yardmaster of the Pittsburgh, and he resumed that duty last night, releasing William Hayes, who resumes charge of his engine and crew in the yards.

Passenger train No. 8, on the Chicago and Eastern Illinois road, ran over and killed a 6-year-old boy named Clinton Dale at Bonnie, Ill., last Monday. In crossing the tracks the lad got one of his feet fastened in a frog and, although a woman went to his assistance, the foot was not released in time to save the life of the boy. The body was horribly mangled. The accident was witnessed by a Wabash train crew.

The western division of the Pittsburgh road will be represented at the annual convention of the Railroad Y. M. C. A. at Topeka, Kan., in May. The delegates will be Engineers F. N. Enslin, H. F. Harper, G. Lehman and L. M. Pfeiffer and Edgar M. Pfeiffer, the latter being clerk to Road Foreman C. R. Colney. They will start for Topeka two weeks from today, going via Chicago and the Santa Fe railroad.

Cards announcing the marriage of J. V. Maher and Miss Mary B. Burns were received by some of the friends of the groom yesterday. The ceremony was performed Monday at the home of the bride, in Pittsburgh. Mr. Maher is general freight agent of the Pressed Steel Car company and superintendent of a short freight line running into Pittsburgh. A number of years ago he resided in this city and was employed in the Pennsylvania offices.

General Superintendent E. A. Gould, who was so long and so creditably connected with the management of the eastern division of the Wabash, recognizes the ability of the men who served under him on that road. He has called two or three of them to his assistance on the Missouri Pacific and it is believed he has further requisitions under consideration. The last Wabash man to go to the Missouri Pacific was W. E. Pierce, general yardmaster at Toledo, who has received the appointment of superintendent of terminals at Kansas City.

WERE LOOKING AT NEW INTERURBAN

Fort Wayne Traction Company Directors Make Inspection of Lima Line.

After making a pretty thorough inspection of the route of the new Fort Wayne, Van Wert and Lima interurban line yesterday afternoon several of the principal directors of the Fort Wayne Traction company left the city this morning in a special car over the Southwestern, with Lafayette announced as the objective point.

In the party were Col. J. Levering Jones and Bayard Henry, of Philadelphia; Hon. James Murdock, of Lafayette, and the engineer, C. D. Emmons, also of Lafayette. While it has been generally assumed that the city street railway company would eventually merge the Lima electric line, the actual inspection of that property was never taken up until Tuesday.

Mr. Jones, Mr. Henry and Mr. Murdock arrived in the city quietly yesterday, were joined by Senator Fleming and left soon for Lima, where a conference was held with L. G. Neely, of St. Mary's, Ohio, another of the Lima line men. The party then returned to Fort Wayne, secured conveyances and drove to New Haven, returning again to this city in the evening. A stop was made at the street railway offices, and the meeting was continued at the Wayne hotel last evening. This morning at 8:30 the party left in car No. 301 over the Southwestern. Henry C. Paul accompanying the eastern men a short distance. It is said an inspection is to be made of the Lafayette

system, and concerning the Fort Wayne property of the syndicate it is announced that the first energies will be directed toward improving the present system.

HAVE MADE A WINNING.

Joseph Berghoff, son of Mayor H. C. Berghoff, and Louis Christen, both of whom are in the employ of the Merit Manufacturing company, are said to have made a winning of \$15,000 at the recent drawing of the Louisiana lottery. Both young men left the city Tuesday for the south, and while they kept their own confidences, it is understood that the object of their visit was the collection of the money on the ticket. Friends of the young men profess to know little about the case, but they admit that from hints dropped they believe the rumor is true. Mayor Berghoff says he knows nothing additional, except that when his son announced that he was going south it was presumed that he was going upon business for his firm. Before leaving, however, he told his mother that if he succeeded in getting what he was going after she should have the handsomest gown she ever wore.

HAD A CLASS OF TWELVE.

The Rurde DRY GOODS CO.

There's Nothing In It.

Honest, now, did you ever get a gold dollar for seventy-five cents? Isn't it a fact that you get just what you pay for? There's much that appeals to the unwary buyer on the score of price that does not come up to expectations in other ways.

The Best for the Least Money

Is assured when you make your purchases here. This is the people's trading place, because years of experience have taught them that absolute confidence can be placed in every advertisement, that none but trustworthy goods are sold, and that a guarantee of reasonable satisfaction goes with every purchase. Shoddy merchandise is not carried in stock and will not be sold at any price. Our customers can always rely upon everything bought at this store and rest assured that there is no discrimination shown in regard to prices. A child can shop here as safely as an adult.

Our Cloak Room

Is very attractive just now with seasonable ready-to-wear garments, made as they should be, correct in material and styles, and priced reasonable. Dainty Shirt Waists, beautifully made and trimmed; splendid values at \$1.00, \$1.50, \$2.00 and up to \$7.50 each. Swell styles in new Spring Wraps, Suits and Separate Skirts.

Warner's Rust-Proof Corsets

Are the only corsets with a perfect and precise model for every figure. A corset for comfort must be built just as you are built, then the lines of the figure will blend with the lines of the corset; that insures perfect fit, perfect comfort, perfect health. Then, they are rust-proof; that is worth considering when the cost is no more. All models in stock.

MAY RESUME SATURDAY.

Ashland, Pa., April 22.—When the mine workers reported at the collieries here today in compliance with the instructions issued by the leaders yesterday, they were told there would be no work for them until Saturday, when operations will commence if the men are satisfied to work the nine hours as required by the company.

WILL ADJUST GRIEVANCES.

Wilkesbarre, Pa., April 22.—President Mitchell, the district presidents and board members of the United Mine Workers, met in executive session today to complete the arrangements for the adjustment of the mine workers' grievances. They expect to complete the work today and President Mitchell will return west tonight unless he decides to go to Toronto. He sent notices to the presidents of the coal carrying roads today that district presidents Nichols, Fahy and Dettry had been appointed as the miners' representatives on the board of conciliation and asked that they make their appointments as soon as possible so that a meeting can be held.

During the last seven years the population of Europe has risen in round numbers from 216,000,000 to 400,000,000; that of Asia and Africa has probably increased a little more slowly; that of America has become more than three and a half times as great as it was in 1830. Altogether, the world's population is now about 1,600,000,000 and was 817,000,000.

DEATHS AND FUNERALS.

WILDER.

Mrs. Amelia Wilson Wilder, nearly 80 years of age, and the widow of a pioneer Baptist minister of northern Indiana, died Tuesday afternoon at the residence of her granddaughter, Mrs. Charles A. Stockbridge, 2323 South Webster street, with whom she had been making her home since July last. Death was due to the infirmities of age.

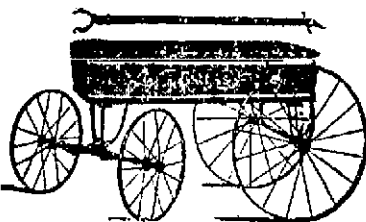

Mrs. Wilder was born at Hartford, Conn., June 13, 1814, and at the age of 18 moved with her parents to Hamilton, N. Y., where she met Lyman Wilder, and, in 1832, they were married. Mr. Wilder was then a student in the Baptist university there, and after he had completed his education and entered the ministry the couple moved westward, Rev. Wilder having charge of a number of congregations in western Ohio.

In 1855 Rev. and Mrs. Wilder removed to Columbia City, where the

pastor succeeded in establishing the First Baptist church, after making a tedious overland trip of 150 miles to reach the new field of labor. After many years of effort in the building up of the church Rev. Wilder resigned the pastorate and took up the work of the American Bible union. His death occurred in 1877. Mrs. Wilder's life was that of the earnest, faithful helpmeet to the pioneer pastor, and she devoted all the energy of her nature to assisting her husband in extending church work, and retained a deep interest in religious matters until the last. Rev. and Mrs. Wilder were the parents of seven children, four of whom survive. They are Mrs. Thomas Shecker, of Columbia City; Mrs. A. A. Ashley, of Richmond, Va.; Charles L. Wilder, of Boone, Iowa; and W. W. Wilder, of South Chicago.

Brief funeral services will be held from the Stockbridge home Thursday morning, conducted by Rev. J. N. Field. The remains will be taken to Columbia City, where the funeral services proper will be held Thursday afternoon at 2:30. Mrs. W. F. LaBonta, of Richmond, Va., a

VERY LARGE FUNERAL.

Funeral services of James Summers were held at the Cathedral at 9 o'clock this morning and the vast edifice was densely packed by friends who came to pay the last tribute of respect to their friend of many years.

Solemn high mass was celebrated with Rev. Father Roche as celebrant, Rev. Father Delaney as deacon, Rev. Father Quinlan, of Huntington, as sub-deacon, and Rev. Father Sullivan as master of ceremonies. Very Rev. Father Oechtering was also present. The sermon was delivered by Rev. Father John Quinlan, of Huntington, a life-long friend of the deceased. There was also a very large attendance of the members of the societies to which Mr. Summers belonged, including the Ancient Order of Hibernians, the Catholic Knights of America and others. The interment was at the Catholic cemetery.
